Intercultural learning

One week

Field research abroad

Gain first-hand experience of another culture

Make new friends

The **Tandem program** of the Europaeum enables students from your university to gain intercultural skills by working in tandem with students from the University of Regensburg.

In the Tandem program, students conduct research on a topic of their own choice in their partner's country. Research fields range from culture, economics and politics to natural sciences and medicine.

STRUCTURE OF THE TANDEM PROGRAM

Preparation

- application and choice of research topic
- e-mail contact with the Tandem partner

Realization

- visit and research in your city
- return visit and research in Regensburg

Follow-up stage

- composition and submission of research reports

For our previous Tandem publications (Cluj and Pécs) see: www.europaeum.de

During your stay abroad, you will be in close contact with your Tandem partners, meet contact persons and experts in your chosen field of research, take part in organized visits to important institutions, participate in a rich cultural program and have ample opportunity to increase your intercultural skills. At the end of the program, you will receive a certificate of participation.

Participants should be able to communicate in English or German.
